## Operations Review

You invested in Nlyte,  
Now Nlyte wants to invest in you.

Nlyte Software's free Operational Review is designed to help existing customers maximize the value of their Nlyte DCIM solutions.

### **SOLUTION BRIEF**

Nlyte Software now offers a complimentary Operational Review to help customers enhance the use of their purchased DCIM products. This review will:

- Assess how effectively customers are currently using Nlyte Software.
- Provide guidance on optimizing product usage.
- Identify gaps and recommend additional integrations and solutions.

Nlyte's comprehensive DCIM solution often begins with room planning, rack-level asset management, and monitoring. Nlyte Professional Services (PS) will conduct an interactive review focusing on:

- Current feature usage and user engagement.
- Incremental improvements in current solution usage.
- Additional capabilities that could benefit the organization.

### **BENEFITS**

This review aims to improve the customer experience, productivity, and ROI through:

- Refreshing the broad capabilities of the solution and their interactions.
- Facilitating intracompany communications and touchpoints.
- Reducing time to value.
- Discovering potential areas for tool consolidation into Nlyte.
- Identifying potential areas for automation using APIs.
- Investigating energy savings opportunities.

### **OUTCOME**

The completion of the review consists of several components, depending on the level of engagement:

- Series of remote sessions focused on targeted use cases, such as:
  - Asset lifecycle process
  - Asset modeling
  - Bulk editing
  - Workflow
  - Power chain modeling
  - Network chain modeling
  - Monitoring/alarming
  - Advanced search usage
  - Integrations/API
  - Reporting
- A presentation reviewing current utilization and providing recommendations from tactical to strategic levels.
- Targeted suggestions for additional training, API consulting, or custom reports.

### **CUSTOMER REQUIREMENTS**

- Customers must have been operationally using the products for more than 6 months.
- The expected time for the review is 8 hours.
